

HABILITATION CARE PROVIDER: As a Habilitation Care Provider you will work with an individual to improve their skills in areas such as money management, socialization, problem solving, deductive reasoning, personal hygiene, and other aspects of individualized decision-making, following each Member's ISP as established by their case worker. Habilitation Care Providers work with Area Manager and write up a teaching plan in an effort to achieve client goals. The teaching plan will identify the schedule for implementation, frequency of services and teaching strategies. Client Progress Reports are filled out quarterly by Habilitation Care Provider.

RESPIRE CARE PROVIDER: As a Respite Care Provider you will go to the client's home and care for the person with the disability, which allows the primary caregiver the opportunity to take a break, run errands, spend time with other family members, and/or take care of other personal matters. Care Providers must provide or obtain a fingerprint clearance card, pass background checks as required by the Division of Developmental Disabilities and be certified both CPR & First Aid.

TRANSITION TO EMPLOYMENT COACH: A Transition to Employment Coach provides training in the meaning, value and demands of work and in the development of positive attitudes toward work. This is a service that provides the member with individualized instruction, training, and supports to promote skill development for integrated and competitive employment. **Job Qualifications;** A high school diploma or G.E.D. and one (1) year of documented experience (preferably working with individuals with disabilities and involved in the provision of transitional services).

All positions require the following:

- CPR/First Aid Certification
- Complete Article 9 Training
- Obtain Fingerprint Clearance Card
- Must pass a series of background checks as required by the Division of Developmental Disabilities.
